

There was a very lively feeling in the gold market again at the second hour, and the ounce again advanced 1/16, to 100 1/16, but, as formerly, again weakened off at that price to close with sellers at 100 1/16, which gives the equivalent at 100 1/16. There was nothing new beyond the persistency with which the commission rumors are kept alive, and even the stoutest-hearted are beginning to lose courage, though still hopeful that the Government will limit it to a fresh issue to the amount necessary to pay the deposits of the banks. In stocks, some National Bank shares were down to 30.50, but in the afternoon, when the Government was very little doing, Gold was dull and weak.

The following is a summary of the business effected in stocks and shares today at the second ring:

en ellos. Estas 4 máquinas duran mucho tiempo y se ha-
rán en cada vez menos cuanto más practica se adquiere. No he-
mos de que se me haya muerto animales por esta causa.

Conviene a Vds. que se les pague a Vds. que los esquiladores mas
